

## MCKINLEY ACCEPTS THE NOMINATION

FORMAL NOTIFICATION AND  
RESPONSE YESTERDAY.

Republican Platform Indorsed by the  
Nominee—Issues of the Coming  
Campaign Clearly Defined in a  
Strong and Elloquent Speech—Big  
Parade Marks the Event.

Canton, Ohio, June 30.—Major McKinley was on Monday made officially cognizant of the fact that he was nominated by the republican convention at St. Louis for the presidency of the United States. The notification committee appointed at the St. Louis convention assembled at the Hollenden Hotel at Cleveland and, after being photographed in a group, headed by Senator Thurston and M. A. Hanna, marched to the Valley Railway Station, where a special train was boarded for Canton. The train reached Canton at 11:40. The permanent reception committee, lately organized for the campaign, headed by Judges George E. Baldwin, William R. Day and Henry A. Wise, was at the depot to meet the party. The parade was organized, the Grand Army band and the citizens' troop of cavalry leading the vehicles occupied by the guests. Citizens fell in behind and an enormous crowd quickly gathered about the McKinley home, where the duties of the committee were discharged and where the general public had been informally invited through press notices. Governor McKinley stepped out on the porch and was given a most enthusiastic ovation, cheer after cheer rising from the crowd.

Senator Thurston stepped upon the porch and in his fiery eloquence delivered the official notification. He was greeted with applause and was frequently interrupted by the cheering of the sentiments he expressed.

Gov. McKinley replied as follows: "Senator Thurston and gentlemen of the Notification Committee of the Republican National Convention: To be selected as their presidential candidate by a great party convention, representing so vast a number of the people of the United States, is a most distinguished honor, for which I would not conceal my high appreciation, although deeply sensible of the great responsibilities of the trust and my inability to bear them without the generous and constant support of my fellow countrymen. Should the people ratify the choice of the great convention for which you speak, my only aim will be to promote the public good, which, in America, is always the good of our country and the welfare of the people.

"Great are the issues involved in the coming election, and eager and earnest the people for their right determination. Our domestic trade must be won back and our idle workmen employed in gainful occupations at American wages. Our home market must be restored to its proud rank of first in the world and our foreign trade, so precipitately cut off by adverse legislation, reopened on fair and equitable terms for our surplus agricultural and manufacturing products. Protection and reciprocity, twin measures of a true American policy, should again command the earnest encouragement of the government at Washington. The government of the United States must raise enough money to meet both its current expenses and increasing needs. Its revenues should be so raised as to protect the material interests of our people, with the lightest possible drain upon their resources, and maintain that high standard of civilization which has distinguished our country for more than a century of its existence.

"The income of the government, I repeat, should equal its necessary and proper expenditures. A failure to pursue this policy has compelled the government to borrow money in a time of peace to sustain its credit and pay its daily expenses. This policy should be reversed, and that, too, as speedily as possible.

The national credit, which has thus far fortunately resisted every assault upon it, must and will be upheld and strengthened. If sufficient revenues are provided for the support of the government there will be no necessity for borrowing money and increasing the public debt.

"During all the years of republican control following resumption there was a steady reduction of the public debt, while the gold reserve was sacredly maintained and our currency and credit preserved without depreciation, taint or suspicion. If we would restore this policy that brought us unexampled prosperity for more than thirty years under the most trying conditions ever known in this country, the policy by which we made and bought more goods at home and sold more abroad, the trade balance would be quickly turned in our favor and gold would come to us and not go from us in the settlement of all such balances in the future.

"The American people hold the financial honor of our government as sacred as our flag and can be relied upon to guard it with the same sleepless vigilance. The money of the United States, and every kind or form of it, whether of paper, silver or gold, must be as good as the best in the world. It must not only be current at its face value at home, but it must be counted at par in any and every commercial center of the globe. The dollar paid to the farmer, the wage earner and the pensioner must continue forever equal in purchasing and debt-paying power to

the dollar paid to any government creditor.

"The contest this year will not be waged upon lines of theory and speculation, but in the light of severe practical experience and new and dearly acquired knowledge. The platform adopted by the republican national convention has received my careful consideration and has my unqualified approval. But you will not expect me to discuss its provisions at length, or in any detail, at this time. It shall be my aim to attest your appreciation by an unsparing devotion to what I esteem the best interests of the people, and in this work I ask the counsel and support of you gentlemen and of every other friend of the country. The generous expressions with which you, sir, convey the official notice of my nomination are highly appreciated and as fully reciprocated, and I thank you and your associates of the notification committee and the great party and convention at whose instance you come for the high and exceptional distinction bestowed upon me."

### TELLER GIVES UP.

Says a Silver Democrat Will Be Nominated at Chicago.

New York, June 30.—Senator Teller, who led the free silver bolters at the St. Louis convention, intimated to a correspondent of the New York World at Morrison, Ill., that he recognized the coming Democratic convention would not take up with any Republican or Populist. In an interview he said:

"It is now clear the Democratic convention will nominate a straight free-silver Democrat for president. The silver men have so strong a majority in the Democratic convention that they are bound to have their own way and nominate one of their own men. I am not disappointed."

Senator Teller believes that a free silver candidate will carry Indiana, Illinois, Iowa, Nebraska, North and South Dakota, and every other state west of the Mississippi and south of the Potomac and Ohio rivers. In reply to another of the World's questions he maintained that if the United States should cast its lot with the other free silver countries its influence would speedily bring about a parity between gold and silver at the ratio of 16 ounces of silver to 1 of gold. If the silver dollar should fall below par with gold (a possibility which he emphatically denies, the result would not be a panic, he says, but a boom, as it would greatly stimulate all our exports and decrease our imports from gold standard countries.

### Bimetallists' Caucuses.

Chicago, June 30.—The bimetallists began a caucus at the Sherman house this morning, at 10 o'clock, to discuss their plans for the convention. The meeting is simply for an exchange of views among the silver leaders and there will probably be no definite action at the caucus today. The caucus will have no bearing on the presidential situation aside from the fact that he must be a man who is pronounced for silver. The committee consists of representatives of thirty-five states and territories. The meetings will not be open to the public.

### Socialist Trade and Labor Alliance.

New York, June 30.—Fifty delegates to the first annual convention of the Socialist Trade and Labor Alliance of the United States and Canada, met here Monday. Daniel De Leon, who was elected temporary chairman, made a speech in which he condemned the trades-unions and classed Gompers, Powderly and Sovereign as fakirs. The object of the Socialist Trade and Labor Alliance is to form the biggest political labor organization that was ever seen in this country. They expect to organize all the labor organizations into one compact body, which will go to the polls and overthrow the capitalist system. There were several women delegates present.

### More Arms for the Cubans.

Boston, Mass., June 30.—The Standard says: "It is thought that a Cuban filibuster barkentine, F. F. Cassin, Captain F. A. Cassin commanding, left this port last night, successfully eluding the government authorities, and is now safe on her voyage. The Cassin's cargo is said to include 90 men, 2,200 stands of arms, four Gatling guns, 1,000,000 rounds of ammunition, and a large supply of provisions. Four whale boats, fully manned, are believed to have put off from the Quincy shore to meet the Cassin during the night."

### Ex-Senator Martin on the Situation.

Topeka, Kan., June 29.—Ex-United States Senator John Martin left for Chicago last night to attend the democratic national convention. "I want to be on the ground early," said he, before starting, "so as to do all I can for great convention—probably the greatest and most important in the history of the cause of silver. It is going to be a great convention—probably the greatest and most important in the history of the union. The people are going to win this time. The platform will be for silver, and the ratio will be 16 to 1. The opposition will make a hard fight, but it will be useless."

### Western Association Meets.

Dubuque, Iowa, June 30.—The Western association at a meeting here decided to continue as an eight club organization. It was also decided to give the visiting clubs \$10 per game instead of 45 per cent. of the gate receipts.

## THE GOLD MEN MAY PUT UP A MAN TOO

POSSIBILITY OF A BOLT AT  
CHICAGO.

The Adoption of a Silver Plank by the  
Democratic Convention Would  
Drive the Eastern Men Out of the  
Party—Whitney May Lead  
Them.

Washington, June 30.—There is a growing belief here that Mr. Whitney's published statement on the financial situation means a bolt and nomination of a gold democrat, in case the Chicago convention nominates a free silver man on a free silver platform. And it is apparent, too, that a good many other delegates not committed to the extreme free silver view are thinking the same way.

One of the most suggestive developments in that line is a telegram from ex-Governor Campbell, who has been looked upon as a free silver man but who was shelved by the free silver

men in his own state last week. In this telegram he says: "I am hoping that the Chicago convention will act in a manner that will result in harmony and union, and yet I fear they may abandon all of the old democratic doctrines, which were voted down by the late democratic convention in Ohio. Should they do so Mr. Whitney's prediction of a bolt will probably be verified."

It is observed, too, that there is a marked change in the tone of the eastern democrats. A fortnight ago, Chairman Harrity announced that whatever might be the result of the Chicago convention, the democrats must, and would, as a whole stand by it; and that the democracy never failed to support its own organization, and the declaration of its own convention. More recently, however, there is observed a marked change in Mr. Harrity's tone upon this subject, and one might easily infer, from his more recent expressions, that he is not as clear as to the wisdom of acquiescence in the nomination of a silver candidate on a silver platform.

Josiah Quincy and ex-Gov. Russell of Massachusetts also talk vaguely about the significance of the refusal of the eastern democrats to support a silver candidate. All of these things are leading thoughtful men here to believe that the result of success by the extreme silver men at Chicago may be a bolt by the gold democrats, and the nomination of a separate candidate on a separate platform. They would rather see the republicans successful, from a business standpoint, than to see the free silver people of their own party successful. Therefore, from a business standpoint alone, it would be better for them to contribute to democratic defeat and temporary republican success than to consent to democratic success.

From a political standpoint also they could afford to indirectly prevent success of the free silver wing of the democratic party. If the free silver southern and western element win in this campaign and elect a president, the eastern and gold democrats will be absolutely eliminated from the control of the party. They would be wiped out, and will have no voice in its management, or in the spoils of office, and no opportunity to dictate a nomination four years hence. Therefore, for political and personal reasons, it would be to their advantage to see this attempt of the southern and western democrats to run things come to naught.

There is still another reason equally important. Even with free silver success in the coming democratic convention and in the presidential election, it would not follow that the free silver element would control congress, and unless they had control of the house as well as the senate and presidency, they could not, after all, get a free silver legislation which these gold democrats and business men so much dread. It is important to them, if they cannot prevent the nomination of a free silver man, to at least prevent his election, and if they cannot prevent his election, the next important thing is to prevent the silver people controlling the house.

That the best way to accomplish these two things, first the election of a free silver president and second the election of a free silver house of representatives, is to nominate gold democratic candidates for the presidency and congress, is perfectly apparent. The only hope that the silver people have of success in the presidential fight is to carry certain Mississippi valley states which are nominally republican, and they admit it would be a hard and close fight to do this. That there are many gold democrats in those states, especially wherever the German element is strong, goes without saying.

The suggestions advanced as to the probable time the men would be reached are mere guess work, as all depends upon whether the slope is completely choked up with debris or not. If not, the rescuers may possibly be able to reach the men within the next 24 hours. Otherwise, it may be two or three days.

The rescuing party is 2,000 feet from where the cave-in occurred. The gas continues to accumulate, and the roof, which was weakened by the explosion, is in danger of falling at any moment. The men came out of the shaft bearing the marks of anxiety and hard labor.

A survey in the interior of the mine shows that the main slope is badly blocked, even worse than the officials are willing to admit. It is known positively that sixty feet that had been cleared up Sunday afternoon is blocked again by another fall that occurred before 4 o'clock Monday afternoon.

Before any attempt can be made to clear this part of the slope again it will be necessary to do extra propping and timbering. This will consume a great deal of time. A few of the more hopeful, who believe that there might be a possibility of the entombed men being alive, have now surrendered, and no one can be found who is willing to admit that there is any life underground.

Hope of finding the men alive and uninjured, by the older miners, was abandoned Sunday night because they knew the ventilation was bad and that, even if they men had escaped the fall, they could not live twenty minutes in such an atmosphere. Others, however, recalled the Sugar-Notch disaster of 1879, in which five men were rescued from a breast in this mine, after they were imprisoned five days. But the fact was overlooked that the breast in which they were was free from any blockade, and in a direct line with the main current of air. This was the most remarkable case in the annals of the anthracite coal mining region, and may not be repeated again for a century.

The disaster probably means the ruin of the company which operated the mine. The damage to the mine is estimated at \$25,000, and the expense of getting the bodies out will not fall short of \$10,000, and may reach \$20,000. Besides, the company will be called upon to bury a great number of the victims, especially the Hungarians and Poles. The company is receiving some censure for sending men into the mine when the higher officials knew it was in a dangerous condition. In answer to this criticism it is claimed that the same thing is done every day in the coal regions. There was a valuable lot of coal in the mine, and the only way it could be gotten out, was to prop the roof and hold it secure. The company either had to do this or close the mine, which would have meant the loss of all the capital invested.

## NO HOPE TO RESCUE IMPRISONED MEN

BURIED MINERS ABANDONED  
TO THEIR FATE.

Experienced Men Believe There is No  
Chance of the Unfortunate Being  
Reached For Days or Weeks—Mine  
A Total Loss and Company  
R

Wilkesbarre, Pa., June 30.—The excitement at the Twin shaft, in Pittston, where nearly 100 miners are entombed, either dead or alive, continued Monday. At the mouth of the shaft, besides the wives and children of the entombed men, there were hundreds of persons—not residents of Pittston alone, but visitors from Kingston, Scranton, and Wilkesbarre. Practically nothing has been accomplished toward the recovery of the men. There is scarcely an old miner about the entrance to the mine who does not believe the men are all dead.

## NOTICE TO ALL PEOPLE.

The Republicans of Janesville and Rock County  
will ratify the nomination of McKinley & Hobart, on  
Wednesday Evening, July 1.

"Patriotism, Protection, and Prosperity" is the  
Republican motto. All people who want to see the  
United States enjoy these three blessings, are invited  
to help celebrate. It will be the first gun fired in  
the campaign. Let the eagle scream.

## THOUSANDS OF MEN IDLE.

National Tube Works and Other Penn-

sylvania Industries Shut Down.

Pittsburg, June 30.—The annual depression in manufacturing circles has arrived. At McKeesport, with the exception of two mills in the butt-weld department, the entire plant of the National Tube Works Company, the National Rolling Mills and the W. Dewees Wood, Iron and Steel Mills are shut down and 12,000 men are temporarily out of employment. The tube works will resume operations next week, but the rolling mills and the wood plants will be closed for six or seven weeks. The Braddock wire-works, the largest of the plants of the Consolidated Steel and Wire Company, followed the ruling of the wire nail trust and yesterday shut down. Both of the Braddock wire mills are now shut down, also the Beaver Falls mill. The suspension at the mills which closed yesterday affects 800 men, who will be idle until August.

Today the yearly scale of the Amalgamated association expires and a general shutdown will follow if a decision is not reached by that time. This will throw 25,000 men out of employment in the tin plate mills and twice as many more in other departments.

### HARRIS WILL PRESIDE.

To Be Permanent Chairman of the Na-

tional Democratic Convention.

Chicago, June 30.—Senator Isham G. Harris of Tennessee, the chairman of the democratic bimetallic national committee, will probably be the permanent chairman of the democratic national convention. This is a part of the programme of the silver men which includes the removal of the national democratic headquarters to Chicago and the election of Senator Jones of Arkansas as the chairman of the national committee to succeed William F. Harrity. Mr. Harris is said to be a splendid parliamentarian and when presiding over a convention cannot be confused, intimidated or bulldozed. Such a man the silver men say must be the chairman of the convention and they further assert that Senator Harris just fills the bill.

The removal of the national headquarters to Chicago, the silver men declare, will certainly be accomplished. They say that as Illinois will be the battleground it is necessary that the directors of the campaign be in close touch with the men who are in the field making the fight.

### WORLD'S W. C. T. U.

Scheduled to Meet at Montreal, Canada—

The Delegates Appointed.

London, June 30.—Miss Frances E. Willard states that the world's W. C. T. U., of which she is president, will meet in Montreal, Canada, either next spring or next autumn. The following have been appointed fraternal delegates to the convention from Great Britain: Lady Henry Somerset, Miss Agnes Slack, Mrs. Hannah Pearsall Smith, Miss Agnes Weston, Mrs. Ward Poole, Mrs. Mary Phillips and Mrs. Hughes.

### CHASED BY A MOB.

George Jewell Has a Narrow Escape

from Lynching.

Fort Wayne, Ind., June 30.—Monday afternoon Deputy Sheriff Wiley arrested George Jewell, on the charge of having committed an assault on the 12-year-old daughter of John Van Horn of Edgerton, Ind., Sunday evening. Late in the night the rumor of the crime became circulated. Jewell fled toward McGill, Ohio, six miles distant. An Edgerton mob pursued him and fired several shots at his flying figure in the dark. One bullet grazed his left side. He escaped the mob, but a messenger to McGill headed him off, and caused his arrest there, but fearing the mob the marshal hurried his prisoner to Payne, Ohio. The mob followed, when the prisoner was spirited to Antwerp, and later brought quietly to Fort Wayne. Jewell confessed his guilt to Officer Wiley. He is 40 years old and married.

Populists Will Support Teller.

Washington, June 30.—Senator Stewart of Nevada, who some time ago withdrew from the republican party to act as an independent silver man, started to-day for Chicago to attend the democratic convention. In explanation of his purpose he said:

"I go there simply as a private citizen to use any influence I may have to secure a union of the friends of monetary reform on the same candidates for president and vice-president. If that can be done there is no question about the success of the candidates. The two men who appear to command the confidence of all parties are Henry M. Teller and Joseph C. Bailey."

"Would the populists support Mr. Teller?"

"Certainly. Mr. Teller has done recently what the populists did long ago. He has left his party because he believed his party was against the country."

Choynski and Maher Matched.

Chicago, June 30.—Joe Choynski and Peter Maher have been matched to box six rounds at Madison Square garden on July 27. Choynski, who is in California, wired "Parson" Davies that he would leave at once for his training quarters near this city.

### Evangelical Alliance Opens.

London, June 30.—The international conference of the Evangelical Alliance opened at Exeter Hall, Sunday, the archdeacon of London welcoming those in attendance. The archdeacon had a special prayer for the conference.

## MISHAPS OF A DAY AT VARIOUS PLACES

BOILER EXPLODES IN A NEWS-  
PAPER OFFICE.

Three People are Killed at Houston,  
Texas and the Building Wrecked—  
Chorus Boys Drowned Near Sharon,  
Mass.—Mine Cave-in Fatal—  
Drowning Near Boston.

Houston, Texas, June 30.—The explosion of a boiler in the office of the Evening Age at 2:45 Monday afternoon killed three persons and severely wounded another. The dead are: HENRY LYONS, engineer. EDWIN E. EMERY, telegraph operator.

MISS MATTIE LOEB, stenographer.

The seriously injured:

W. G. Van Vleck, general manager of the Atlantic railway system of the Southern Pacific railway.

Lyons was the engineer for the Evening Age building. The body of the boiler was blown nearly a block, tearing out the front of the office of General Manager Van Vleck of the Southern Pacific. He was struck by a brick, and for a time it was feared he was fatally injured, but he will recover, though badly hurt. The explosion was caused by letting cold water into an empty boiler.

Sharon, Mass., June 30.—Four choir boys and the choirmaster of St. John's Episcopal church of Charlestown were drowned Monday afternoon in Lake Massapoag. The dead are:

CHOIRMASTER FRED E. BRACKETT, 22 years.

THOMAS PARKER, 11 years.

HARRY LAKEER, 12 years.

WILLIAM WATKINS, 12 years.

BENJAMIN GIBBS.

They were members of a party from St. John's church, Charlestown. Mr. Brackett and six boys went out in a boat, and when about 400 feet from the shore Harry Parker fell overboard. Frank Cox, 13 years old, jumped overboard, and rescued the boy, and swam with him to the shore. During the excitement the boat was overturned. The accident occurred so quickly that no outcry was made by the boys. There was plenty of assistance close at hand if the slightest warning had been given.

Four Drowned at Boston.

Boston, Mass., June 30.—Four boys were drowned and thirteen people were hurt Monday by the collapse of Sheldon's wharf at Castle Island landing, South Boston. The citizens were celebrating "Farragut day," and a large crowd was on the wharf, attracted by the offer of free passage to the island. The boat Ella was about to make fast at the wharf, when the hundred or more on the small landing surged to the outer side. Immediately that side went down into eight feet of water and completely turned over, throwing seventy-five or eighty persons into the water. Many of the crowd were women and children. The wildest excitement prevailed, but quick work by rescuers as well as the police on shore served to quiet the crowd.

Mine Cave-in Kills Three.

Duluth, Min., June 30.—Word has been received from Ely of an accident at the Pioneer mine whereby three men were killed and two seriously injured. A number of men were on the fourth level when several hundred tons of earth overhead gave way. The timbers and supports were crushed, and Victor Erickson, George Haycock, and Frank Cramer were buried out of sight and probably instantly killed. Peter Morowitz was caught by the iron between two timbers and held fast for several hours, and Isaac Stustrom was injured internally by being caught by the middle of the body between some timbers and a tram car.

Triple Drowning at Tekamah, Neb.

Tekamah, Neb., June 30.—Misses Jessie Kelso and Sadie Reese and John Samson, part of a picnic party, were drowned in the Missouri here Monday. The boat they occupied was swamped. But one member of the party was saved and he clung to the boat. The bodies were swept away by the strong current.

Nebraska Republicans Gather.

Lincoln, Neb., June 30.—Already the city is full of delegates to the republican state convention, to be held on July 1. Several state officers will hold over, but governor, auditor and treasurer are to be nominated, and for these offices the contest has been very lively. The leading candidates for governor are MacCall, Congressman Meiklejohn, M. L. Haywood and auditor Eugene Moore. The convention promises to be an exceedingly lively one, and, while there are many silver republicans, the St. Louis platform will be indorsed.

Madagascar Treaties Discussed.

London, June 30.—The under secretary for foreign affairs, Mr. George N. Curzon, in the House of Commons, replying to Sir Charles Dilke, said he had not heard that the United States had given up its treaty with Madagascar, and he had reason to believe that communications on the subject were passing between the United States and France. Great Britain had not taken concerted action with the United States as their positions were not identical.

Dr. Jameson's Brother Murdered.

London, June 30.—A dispatch from Bulawayo says that a brother of Dr. Jameson (Dr. "Jim" of the Transvaal raid) has been murdered by the Mashonas.

## THE CLASS LEAVES A GOOD OLD SCHOOL

### THE EXERCISES AT MILTON COLLEGE.

Baccalaureate Sermon Preached By President Whitford Sunday Evening—Other News of the Village—Social Events at Evansville—Wedding at Cooksville

Milton, June 30.—The commencement week exercises of Milton college began Friday evening with the exercises commemorative of the organization of the College Christian Association in the year 1876. The Seventh Day Baptist church was filled by an appreciative audience who listened to the following program: Addresses, President W. C. Whitford, Professor Dwight Kinney, '74 of California; A. L. Burdick, M. D. '89 of Colorado; Rev. G. B. Shaw, '91, of Nile, New York; Rev. W. L. Burdick, '90, of Jackson Center, Ohio, and Rev. T. J. Van Horn, '88, of Louisville, Ky. Remarks were also made by Miss Mabel Crosby and Messrs. Hyton Plumb and H. R. Wheeler as representatives of the college students now in attendance. The original members of the association were President W. C. Whitford, Mr. and Mrs. A. D. Burdick of Walworth, Professor A. C. Spicer and Rev. L. A. Platte, D. D., the present pastor of the Seventh-Day Baptist church in this village. On Saturday evening the Philomathean society presented their program of exercises. The music by the banjo club and "Old Philos," was an especially interesting feature.

The Baccalaureate Sermon.  
President Whitford preached the baccalaureate sermon Sunday evening before a large audience. He took for his text Esther 3:2 "But Mordecai bowed not, nor did him reverence." His subject was "Intelligent Heroism." It was an eminently practical sermon and held the close attention of every hearer. The Iduna Lyceum appeared before their friends on Monday evening and were greeted with a very liberal patronage. Mrs. Helen Howarth Lemmel, of Whitewater, furnished the musical part of the entertainment and made many new admirers by her charming vocalization and pleasing presence. The program included the following numbers:

Fetherston Brothers shipped last week two cars of oats, two of barley, one of hogs and one of sheep. Vincent and Hassenger shipped one car of hogs. The car load receipts were two cars of coal, one of lumber, one of flour and one of feed.

#### SOCIAL EVENTS AT EVANSVILLE.

##### Several Events Are Held Or Are In Prospect—Other News Notes.

Evansville, June 30.—The Young People's society of the F. W. Baptist church, held a social Saturday evening on the lawn of Mr. and Mrs. A. W. Cary. The orchestra furnished the music for the occasion and all seemed to enjoy their cream and cake. The Home Forum held an ice cream social at the home of Mr. and Mrs. Frank Dixon, west of this city, last Friday evening. About sixty of the order went in carriages to their country home and spent a delightful evening. All pronounced the cream the best they had ever eaten. Thursday evening the M. E. Sunday school will hold an ice cream social on their lawn. As this city will not celebrate the Fourth, national exercises will be held in the early evening. Good music will also be furnished and all the citizens are invited to attend. Thursday evening, June 25, at the residence of Mrs. Charles Miller, near Cooksville, Miss Katie Miller became Mrs. George W. Wilder, Rev. J. E. Coleman performing the ceremony. About two hundred guests, many being from this vicinity, attended the wedding. The young couple were unattended and stood under a beautiful green arch, it being a "lawn wedding." A pianist from Madison played the "strains of Mendelssohn," also many fine selections during the evening and the Porter band was also in attendance. The bride and groom are among our most highly esteemed young people, both having graduated here in 1892, the former from the seminary and the latter from the high school. Since that time he has been attending the university, from which he received his diploma June 24. The bridal gifts were beautiful and very numerous. The newly married couple expect to leave in about two weeks for an extended tour in the east. Our best wishes go with them through life. The German church, about four miles west of the city, was struck by lightning Saturday night, and burned to the ground. Mr. and Mrs. George Butts, of Milton, spent Friday at Mrs. Reuben Winston's. Mrs. Sofia Foote has gone to Madison, to care for Mrs. O. J. Graitsinger. The Methodist and Baptist

## ORDINANCE PASSED BY THE ALDERMEN

### LONG SESSION OF COUNCIL HELD LAST NIGHT.

Western Union Telegraph Company Given a Legal Standing in the City—Circus License Fee Reduced—School Fund Matter Straightened Out—Other Business Done.

The common council held a two hours' session at the city hall last night. The aldermen:

Heard the reading of the communication from the school board, saying that \$23,000 would be enough to run the schools. Were notified of the acceptance, by the company, of the Postal telegraph franchise. Refused to vacate Sheldon street, but vacated an unused alley running parallel to the railroad embankment. Granted the Western Union Telegraph Company a franchise.

Passed an ordinance reducing the license for circuses and other traveling shows. Adopted an ordinance, reconciling the contradiction in the regulations regarding the raising of money for the schools.

Heard Alderman Inman's ordinance, creating the office of city engineer, and defining his duties, read. It lays over under the rules.

Directed the fire and water committee and the chief engineer, to investigate and report a plan for affording fire protection to the property on Eastern avenue, Armour street and McKee boulevard.

Alderman Burnham asked for Alderman McKee's bicycle ordinance, but adjournment was taken before it was brought up.

Adjourned until Tuesday evening, July 7, at 8 o'clock, at which time action will be taken on the saloon licenses.

Schools Need \$23,000.

All the aldermen were present except Alderman Stearns. The minutes of the two last meetings were read, after which Clerk Badger read a communication from the finance committee clerk. It read:

GENTLEMEN—Since the school board notified you that in their opinion it would require a levy of \$26,000 for school purposes, the board has learned that we shall receive from the state school and \$1,157 more than we expected this year, and that we shall probably receive about \$2,000 more than we estimated for the ensuing year. The board would therefore beg leave to amend its request for \$26,000, and ask that your honorable body raise the sum of \$23,000 for school purposes for the ensuing year.

The communication was received, referred, and placed on file.

The appointment of M. J. Conroy as special police without pay, was, upon Ald. McLean's motion, confirmed. Clerk Badger notified the council of the acceptance of the Postal Telegraph franchise by the company.

A communication from P. A. McGuire asking for \$11.40 damages because of his horse running away some days ago, was referred to the Fire and Water committee, and further time was granted.

The grade of South Main street was referred to the Highway committee.

#### Two Documents Received.

The Bower City Light & Power company's application for permission to string a bare wire to the barb wire factory, which had been denied by the Chief Engineer, as not complying with the ordinance, was referred by him to the council. The matter was referred to the Fire and Water committee but no report was made.

Seventeen property owners on Center street petitioned for the right to build a sewer. The petition was referred to the sewerage committee, and further time granted.

Chairman Heddles of the finance committee, reported in favor of paying a number of bills. Adopted.

Alderman Burnham reported adversely on the petition to vacate Sheldon street, the matter having been referred to the aldermen of the ward. The report was adopted. Alderman Burnham then introduced an order vacating the alley along the railway embankment, as petitioned, saying that the alley had never been used, and could not be. The order was adopted.

Alderman Burnham then introduced an ordinance granting the Western Union Telegraph company a franchise, saying that the company had never been given one. The one he introduced had been examined by the city attorney and met with his approval. The ordinance was read, and passed under suspension of the rules.

#### Reduce Circus License Fee.

Ald. Stoddard of the license committee, then introduced an ordinance making the circus license from \$20 to \$75; the license for any other show from \$2 to \$10; and providing a penalty of from \$10 to \$100 for violation thereof. The ordinance was passed under suspension of the rules.

Ald. Inman then introduced an ordinance creating the office of City Engineer and defining his duties, according to the uniform charter. The ordinance was read and ordered published according to the rule.

Alderman Kothman then introduced an order that the fire and water committee and the chief engineer investigate and make a report, on a plan to give fire protection to property on Eastern avenue, McKee Boulevard and Armour streets. He moved that it be referred to the fire and water committee, which motion prevailed.

Alderman Inman introduced an ordinance harmonizing the contradictions in the special charter of the city, and the general charter, parts of which have been adopted, regarding the amount of money that can be raised for school purposes. The ordinance was passed under suspension of the rules.

Alderman Stoddard moved that when the council adjourn, it be until Tuesday, July 7, at which time application for saloon licenses will be passed upon.

Ald. Burnham asked for Ald. McKee's bicycle ordinance, so Alderman McKee, who did not intend to call it up, moved that it be considered. Alderman Heddles moved an adjourn-

ment, and as Alderman McKee's motion was not seconded, the adjournment motion carried.

#### Street Repairs, Etc.

The following orders were adopted during the meeting:

Alderman Inman—That the city clerk be directed to publish the notice relative to the passage of the city engineer ordinance introduced by him according to statute.

Alderman McKee—Directing the street commissioner to clean the gutters on Park street; also on Oakland avenue from South Main to Division street. Also that the street commissioner repair South Main street at the point of intersection of Carrington street by extending the culvert at its west end and filling over the same to conform to the general grade of such point. Also that the street commissioner make a tie connection at the northeast corner of Clark and Bluff streets. Also that the street commissioner repair Wheeler street with rubble from Gore street to Clark street where recent rains have washed gutters in the sand.

Also that the street commissioner lay a block crosswalk across Oakland avenue at the west side of the intersection of South Bluff street; also across South Bluff street at the north side of the intersection of Oakland avenue; also repair the crossing at the northwest intersection of South Main street and Third street, to prevent the water from running onto the sidewalk; also lay a plank crosswalk across Augusta street on the south side of Glen street; also that the street commissioner raise the crosswalk at the corner of Park and Third streets.

Alderman Heddles—An order directing the street commissioner to clean the gutters on Washington street and also to repair North Jackson and High streets. Adopted.

#### MAIN STREET CAR PAYS BEST.

So Says Superintendent Cummins of The Street Railway Company.

"The Main street car takes in more money than any car on the line," remarked Superintendent Cummins of Street Railway company. "This is no doubt due to the steady patronage that comes from residents of the Spring Brook addition and Riverview Park. Travel to Athletic Park has very little to do with it."

## NEARING THE END OF THE C. E. CONTEST

### WHO GOES EAST AS THE GAZETTE'S GUEST?

Votes Come In Thicker As the End of the Voting Period Draws Near—Conditions Plainly Stated For the Benefit of Contestants—Coupons In Demand.

Bunches of coupons are coming in hourly for Christian Endeavor candidates. The coupons for each candidate are kept separate, and it looks as if corn cribs might be necessary to store them in before clocks strike 9 on July 1. People who have saved coupons may hand them at this office whenever they wish, and credit will be given to the candidate named. As for subscriptions, they should be reported, of course, as fast as secured, so that a paper may be started at once. The conditions of the vote should be borne in mind. They are:

Any one, anywhere in any state is entitled to vote.

Cut out the coupon (trimming on the dotted lines.) Write in the name of your candidate and send to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

None but members of the Janesville Christian Endeavor societies are eligible as candidates. The winner will have railroad fare and Pullman fare paid from Janesville to Washington and will have hotel expenses paid throughout the convention.

Votes may be sent in at any time. The polls close July 1 at 9 o'clock p. m.

The votes allowed on new subscriptions paid in advance will be:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

New subscriber to Weekly Gazette, paid for one year, \$1.50; four hundred votes.

Each new subscriber who pays in advance and casts the number of votes specified is entitled, of course, to cut coupons from the paper from day to day, and vote in the regular manner.

No person shall be allowed extra votes for stopping his paper and having it sent to another name at the same address. In every instance they must be bona fide new subscribers. No person will be allowed to stop his paper on Monday, start it again Tuesday and claim the premium.

## WASHINGTON COUPON.

### GAY WEDDING AT COOKSVILLE.

The Wilder-Miller Nuptials—Clouden Stebbins' Horse Mysteriously Hurt.

Cooksville, June 30—The most pleasant event of the season took place at the home of Charles Millar on the evening of June 25, it being the occasion of the marriage of Miss Kate Miller and George Wilder. It was never our good fortune before to attend so perfect a wedding. There was nothing to mar the happiness of all concerned. At eight o'clock the bride and groom took their place beneath an arch of green foliage and white blossoms, and there in quietude of the lovely summer evening Professor Coleman spoke the solemn words that bound them together for life. The bride looked lovely in white brocaded silk with no ornaments, save one beautiful rose in her hair. The grounds were brilliantly lighted with Chinese lanterns and gas jets. The tables were set on the lawn and elegant refreshments were served to all, while the Porter band rendered some fine selections. The presents were many and beautiful as well as useful. The best wishes of a host of friends go with them. May their life be long and happy. On going to the pasture for his horses Clouden Stebbins found one of them had been so severely hurt that he was obliged to call a doctor from Stoughton. How it was done was a mystery and it will be many weeks before the animal can be used. The Equal Suffrage Contest held here on the evening of June 26 was a success. Miss Amy Johnson was awarded the medal. Mr. Hillbrandt and daughter, also Mr. Ross Merrill, of Janesville, furnished some excellent music. Little Amy Richardson sang a song and was loudly encored. Ice cream was served and at a late hour all went home feeling they had passed a very pleasant evening. Alex Richardson is home for a few days. Mr. and Mrs. John Robertson attended the Schroder and McCarthy wedding in Stoughton, Wednesday. Mrs. J. A. Savage has been sick for the past week. Her friends are glad to hear that she is improving. Miss Gertrude Wilder, from New York state, is visiting at C. Miller's. Wm. Lee and family passed Sunday with friends in Evansville.

### SOME NORTH JOHNSTOWN NEWS

Miss May Bullock is home from Hillsdale college, for the summer vacation. The W. C. T. U. meeting, which was postponed last week, will be held at the home of Mrs. Addie Palmer, Thursday afternoon of next week. Mrs. Herbert Kenyon and daughter, of Whitewater, spent last week at O. Bennett's. Mr. Kenyon came out for them Sunday. Entertaining exercises were given by Miss Kyle's school at the picnic, Tuesday. Miss Augusta Pellet closed her

school at the stone school house, Saturday, and by Miss Frink, in the Palmer district, Friday. Mr. and Mrs. Orva Bennett, of Janesville, visited at George Bennett's, Thursday. Their daughter Louise, who has been spending several days here, returned home with them. The flag raising and closing exercises of the Harmony schools, Friday, was a grand affair. Janesville was represented by the Ladies' Relief Corps and G. A. R., who also furnished martial music for the occasion. Beside the speaking of the scholars, which was fine, Superintendents Thorne and Ross, Professor Galbraith, of the Whitewater Normal, Captain Pliny Norcross, of Janesville, and Rev. S. G. Huey, made appropriate speeches. The dinner was all that could be desired, and the weather delightful.

### CENTER FLAG POLE IS IN PLACE

All is Ready For the Great Fourth of July Blow Out.

Center, June 30—All is in readiness for the big Fourth of July celebration at Center. The new steel flag pole is in place and is all ready for the unfolding of "Old Glory" from its top. There will be good speaking, etc., and the celebration will be the largest ever held at the place. We want everyone to come and celebrate with us.

### Gossip From Porter.

Porter, June 30—Mr. and Mrs. Will Flaherty and children of Pelican Rapids, Minn., and Miss Minnie Hayward of Evansville, were pleasant visitors here on Sunday. Eagle creamery paid an average price of fifty cents per hundred for the month of May. The Misses Lela Squires and Alice Murphy of Greene, Ia., were here visiting relatives last week. The school districts' annual meetings will be held on next Monday evening. Where are you going to celebrate? Is the question now being asked. Mr. Hamilton and some other parties from Janesville, spent Sunday at Gibbs' lake. Mr. Johnson made a business trip to Stoughton on Saturday. Mrs. Fred Phifer of Edgerton, and little daughters, were visitors here on Sunday. N. A. Pound is the first on the list to finish haying in this vicinity.

## FORTY YEARS

### OF SUFFERING FROM PILES.

Remarkable Cure of Popular Major Dean, of Columbus, Ohio.

People who suffer from that annoying and obstinate disease will be gratified to learn that science has discovered a safe, convenient and simple cure for every form of piles, as the experience of the popular Major Dean, of Columbus, Ohio, amply attests. The Major says: I would like to add my name to the thousands who have been cured by the Pyramid Pile Cure. I know from experience that it is the only remedy on earth that will effectually cure piles; plenty of remedies give relief for a time, but as for a lasting cure I had tried all the salves, lotions, etc., without success. Six boxes of the Pyramid Pile Cure entirely removed all traces of a case of piles of forty years standing.

You may rest assured that the Pyramid Pile Cure has no stauncher advocate than myself. I feel that it is my duty to allow you to use my name in any way you may see fit, in order that other sufferers may thus be directed to what I feel certain will be a speedy relief and cure.

The Pyramid Pile Cure gives instant relief and a permanent cure in all kinds of blind, bleeding, itching piles.

It is absolutely free from opiates, cocaine and similar poisons, so common in pile cures.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00.

A book on cause and cure of Piles will be sent free by addressing the Pyramid Co., Albion, Mich.

## THE JANESVILLE GAZETTE

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis., as second-class matter.

## THIS DAY IN HISTORY.

1665—Archibald Campbell, ninth earl of Argyll, was beheaded for rebellion against James II.

1785—General James Edward Oglethorpe, founder of Georgia, died in Essex, England; born 1688. Oglethorpe was a valiant soldier who served his king in the armies of Marlborough and under Prince Eugene, the German ally. In 1733 he obtained a royal charter to found a colony in America, which he called after England's reigning king. After passing several years in the colony Oglethorpe returned to Europe, where he took command of an army and helped defeat Prince Charles, the Scottish pretender, in the rebellion of 1745. Later he served in parliament.

1819—William Almon Wheeler, vice president in 1877-81, during the Hayes administration, born in Malone, N. Y.; died 1887.

1894—William G. Green, a well known banker and railroad man and lifelong friend of Lincoln, died at Tullula, Ill.

## Assembly District Convention.

The Republican Second Assembly District convention of Rock county is hereby called to meet at the court house, in the city of Janesville, on Wednesday, July 29, 1896, at 1 o'clock p. m., for the purpose of electing eight delegates to represent the district in the Republican State convention, to be held in the city of Milwaukee, August 5, 1896, and for the transaction of such other business as may properly come before the convention. The different towns, villages and cities of the district are entitled to delegates as follows: Bradford, Harmony, Johnston, two each; Center, Lima, Magnolia, Porter, Union, three each; Fulton, city of Edgerton, four each; village of Evansville six; Milton, eight.

W. W. CLARKE, Special Committee.

Milton, Wis., June 25, 1896.

## Republican State Convention.

TO THE REPUBLICAN ELECTORS OF WISCONSIN:—By direction of the state central committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee, on Wednesday, the 30th day of August, 1896, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention. Rock county is entitled to the following delegates:

First Assembly District..... 6  
Second Assembly District..... 8  
Third Assembly District..... 9  
EDWIN D. COE, Chairman.  
JOHN M. EWING, Secretary.

## HOT TIMES IN MILWAUKEE.

Milwaukee seems likely to have a peppery campaign. Eugene S. Elliott will do his best to rally Milwaukee republicans to his support in the gubernatorial fight, and is expected to be strong among the workingmen because of his attitude during the street railway troubles. He will have a rough road to travel, however, for Charles Paster and other leaders are opposing him. Insurance Commissioner Fricke, who is one of the most astute politicians in Milwaukee, comes out today asking a renomination, and declaring that Milwaukee cannot expect to have two candidates on the ticket. Dr. Fricke is understood to favor turning the Milwaukee delegation over to Schofield. The struggle between him and Elliott will be worth watching.

St. Paul has an order in force prohibiting the sale of fireworks of any description before the first day of July. Other cities prohibit the sale of dynamite firecrackers under any circumstances. This is believed by the older and presumably better informed people, to be a good thing and possibly if it was pushed along there might be more peace of mind.

In spite of the fact that the world's visible supply of wheat is 20,000,000 to 25,000,000 less than a year ago prices for this cereal rule lower than ever before. This is a peculiar condition and the only hope of better prices lies in the prospect of setting all the idle laborers to work and thus supply the consumers with means to buy food.

They are asking what Thomas B. Reed's political future will be. There are good things ahead for Mr. Reed, but if he should rest content with guiding the republican majority in the house of representatives as ably as he has done in the past it would be honor enough for any man.

It has been pertinently suggested that the workingmen of the United States are more interested in iron than in silver or any other metal. When iron is once more sent to the furnace and mills it will make little difference whether silver is sent to the mints or not.

When Milwaukee republicans stop asking "Who does this man want?" or "Who does that man want?" and begin inquiring who the people want their political affairs will be in a good deal better condition.

Senator Stout says he is not a candidate for governor. The last two years haven't furnished much incentive to a full-sized, self-respecting man to stand for office in Wisconsin.

Somebody proposes that silver men nominate Tillman and Towne—platform, revolution, one dollar worth of work for fifty cents worth of silver.

They are trying a grasshopper exterminator near Peshtigo. If it succeeds, the inventor has only to build it in smaller sizes to harvest mosquitoes and his fortune is made.

THE Board of Directors of the Oak Lawn Hospital are requested to meet at the hospital next Tuesday evening, June 31 at 7:30 o'clock.

## SALOON IS CLOSED BY THE CREDITORS

TOOLE &amp; RICHARDSON'S PLACE IN OFFICER'S HANDS.

Herman Nathan, a Chicago Distiller, Forces a Claim of \$100 and Officer Hogan Is Put in Charge of the Business—Effort Made to Arrange Matters.

Toole & Richardson's saloon, at the corner of Milwaukee and Franklin streets, was closed by creditors this morning, and Officer Hogan was put in charge of the place.

The firm had not been doing a very extensive business, and did not intend to renew its license. The doors were closed by Herman Nathan, a Chicago distiller, who had a claim against the firm for about \$100. There are also two mortgages on the stock, etc., held by Delaney & Murphy, a liquor firm, and the Schlitz Brewing company of Milwaukee.

An effort was being made today, to fix matters up, and continue the business, as it was thought that it would be best to keep the saloon open rather than have the furniture etc., locked up.

## BASEBALL REPORT.

Games Played in the National League Yesterday.

The Chicago team showed some brilliant streaks in yesterday's game, but their errors were at times very bad. Cleveland's victory, which was achieved quietly, shows that Tebeau does not need to be bolsterous to win. Baltimore had to win to stay at the top, and she won. The four leaders are drawing clear of the other clubs. Games played:

## GIRLS IN STORES,

offices, or factories, are peculiarly liable to female diseases, especially those who are constantly on their feet. Often they are unable to perform their duties, their suffering is so intense.

When the first symptoms present themselves, such as backache, pains in groins, headache, dizziness, faintness, swelled feet, blues, etc., they

should at once write Mrs. Pinkham, at Lynn, Mass., stating symptoms; she will tell them exactly what to do, and in the meantime they will find prompt relief in Lydia E. Pinkham's Vegetable Compound, which can be obtained from any druggist.

"MY DEAR MRS. PINKHAM:—I am so grateful to you for what your Compound has done for me. For four years I suffered such pains from ovarian trouble, which caused dreadful weakness of the limbs, tenderness and burning pain in the groins, pain when standing or walking, and increased pain during menstruation, headache and leucorrhoea. I weighed only 92 pounds, and was advised to use your Vegetable Compound, which I did. I felt the benefit before I had taken all of one bottle. I continued using it, and it has entirely cured me. I have not been troubled with leucorrhoea for months, and now I weigh 115 pounds."

## THE BIGGEST PICNIC THEY EVER HELD

OFFICIAL ORGAN OF THE WOOD-  
MEN TELLS ABOUT IT.

It Beat All the Records and the Attendance Was Larger Than at Any Place Where the Neighbors Have Yet Gathered—There Was No Hitch.

The official organ of the Modern Woodmen of America, printed at Fulton, Ill., has this to say about the big picnic:

"Probably the largest picnic ever held on earth was the monster gathering of the Northern Illinois and Southern Wisconsin Picnic Association, at Janesville, on Wednesday, June 10. This association had before scored some remarkable picnics, and it was thought that the top notch had been reached at Madison, in 1895, which had gone just a little ahead of the Sycamore picnic in 1894, but Janesville came in to again move the point one higher. There were special trains into Janesville on that date, carrying with the regular trains, fully 30,000 strangers into that beautiful city. The great parade at noon was nearly an hour in passing the review stand, and the scribe counted forty-one bands and then gave up the task. The Woodmen of Janesville handled the immense throng in an admirable manner and cared for them all and engineered the big day's program without a hitch or break. Ex-Gov W. D. Hoard of Wisconsin, was the president of the day, and introduced the various speakers in a manner both original and entertaining.

Many Good Addresses.  
"He is an admirable story-teller, an eloquent orator and as a presiding officer is a grand success. Head Chaplain F. F. Farmiloe offered a prayer." Mayor F. S. Baines gave the address of welcome, Governor Hoard responded, and Attorney M. G. Jeffris delivered an eloquent address on Fraternity. The principal address of the day was by Head Consul W. A. Northcott. The writer has heard Mr. Northcott deliver many good addresses, but never such an admirable oration as the one on this occasion. The inspiration of the magnificent audience of thousands did it, and he spoke in a manner that called for the greatest applause. Shorter speeches were made by Director Quackenbush, Hon. C. T. Heydecker and others. There was the usual long list of sports. The Nunda, Ill., team of Foresters took the prize on drilling; the Beloit Camp for the largest attendance, and the Elgin band for being the best. There were also balloon ascensions, ball games and other contests for prizes. Next year this association will hold its picnic at De Kalb, Illinois."

## EARL DOTY PLEASSED THE PEOPLE

Janesville Actor Gets An Ovation at the Myers Grand.

Janesville friends of Earl Doty, otherwise Clarence Burdick, gave him an enthusiastic reception at the Myers Grand last night when his company opened a week's engagement with "Davy Crockett." Mr. Doty's work was a revelation and the applause accorded him was enthusiastic. It was his first appearance before an audience at his home, but his work could not have been received with more satisfaction. The company was capable and gave the star excellent support. Miss Rosa May, as "Eleanor Vaughn," Arthur Magill as "Major Royalston," F. A. Mills and Nellie Morgan, all carried their parts in a finished manner. Professor Peake, the harpist, who is with the show, was the leader of the famous Peake musical family, and his solos were much enjoyed. The comedy "Jerry," will be the bill tonight, and the house should be packed. The price is ten cents to all parts of the house.

## PLENTY OF WICKEDNESS HERE

However, There Is Very Little Cash For the Salvation Army.

After a two days' visit with the local Salvation Army, Captain J. R. Donaldson and Adjutant E. S. Gerberich, of Chicago, returned home this morning. Both the officers will report Janesville as being a very wicked city. They say that there is plenty of work here for the army, but very little money is in sight to carry it on.

## J. H. HAVILAND DEAD AT BOULDER, COL.

WELL KNOWN BUSINESS MAN  
DIES FAR FROM HOME.

He Had Gone West For His Health, But The Trip Was Not Beneficial—The Remains are on Their Way to Janesville—Other Deaths.

J. H. Haviland died in Boulder, Col., at 2:45 this morning. A dispatch from Mrs. Haviland was received by J. C. Fredendall just before noon. Mr. Haviland has had trouble with his lungs for over a year and was barred from active work most of last winter. He went west with Mrs. Haviland a few weeks ago in hopes that a dryer climate might prove beneficial, and the first reports were that he was growing stronger. No intimation had been received by Janesville friends that he was failing until the dispatch today.

Mrs. Haviland telegraphed that she would start east with the remains at once and would reach Chicago Friday morning. Funeral services will be held here, Rev. R. K. Manaton officiating.

Mr. Haviland's death will be heard of with sadness throughout Rock county. He was a man of wide acquaintance and was prominent in business, politics and grange affairs alike. He served very acceptably as master of the county grange and did much to shape grange work.

Besides his wife he left two daughters and a son, Merritt. He and his son were associated with Paul Rudolph in the tobacco firm of Rudolph, Haviland & Son.

Mrs. L. H. Clarke.

The following notice, clipped from the Baraboo News, will be of interest to many Janesville people: "The wife of Professor L. H. Clark, of the state normal school at River Falls, died of apoplexy, Tuesday afternoon, aged forty-two years. She was a talented lady. They resided in Baraboo several years ago, when Mr. Clark had the position of principal of schools." Mrs. Clark will be better remembered by Janesville friends as Miss Alice Meadows. She held the place of teacher in the high school, and was much loved by all who knew her.

Mrs. Thomas Wesley.

Edgerton, Wis., June 30.—[Special] Mrs. Thomas Wesley died yesterday, aged thirty-nine years, after an illness of two years' duration, from cancer. Dr. A. W. Hinman, of Chicago, performed an operation on her in hopes of saving her life, but she grew gradually weaker until death came. She leaves a husband and three children. The funeral will be held from the Congregational church, Wednesday, at 11 o'clock a. m.

Funeral of Mrs. Gallup.

The funeral of Mrs. Harriett Caroline Gallup was held from the home in the town of Harmony at 9:30 o'clock, and the remains were taken to Delavan for interment. Rev. Mr. Millar, of Milton, conducted the services, and the pall bearers were Jesse Randall, Thomas Jameson, Thomas H. Edden and George Mosher.

Charles McIntosh.

Edgerton, June 30.—[Special]—Charles McIntosh died at his home in this city of typhoid fever, aged twenty-one years and the funeral will be held Wednesday afternoon at two o'clock, Rev. Mr. Stellman officiating. Mr. McIntosh has been in the tobacco trade here for some time.

Franklin Hendee.

Beloit, June 29.—Franklin Hendee, a resident of Newark for over fifty years, died Sunday. He leaves eleven children. Deceased enlisted in the Fourth Wisconsin Battery and received an injury in the service from which he never recovered.

Dr. A. Thompson.

Beloit, June 30.—[Special]—Dr. A. Thompson an old and honored citizen, died suddenly at his home this morning from a bowel trouble.

PLEASANT LAWN TENNIS PARTY

Charles Tallman Entertained His Friends Yesterday Afternoon

A most delightful lawn tennis party was given yesterday afternoon upon the spacious lawn at the W. H. Tallman residence on North Jackson street. Charles Tallman proved to be a charming host, and following the tennis game, refreshments were served, while dancing followed. Those present were:

## ALL IS NOW READY FOR THE BIG RALLY

RATIFICATION MEETING PLANS  
COMPLETE.

Parade Will Start at the Rink, Go Up Milwaukee Street and Return to the Court House Park—Several Speakers Are to Take Part.

A rousing McKinley and Hobart ratification meeting is promised for tomorrow night. There will be good speaking—a succession of snappy, stirring five minute talks that will be well worth hearing. Good music also will be a feature.

The parade arranged by Chairman Vankirk today will form on River street. The band, the cycling club and the marching club will line up at the rink and will march up Milwaukee street and back to the court house park. Several speakers from out of the city will address the gathering as will also a number of Janesville men.

Workingmen will find the meeting especially interesting as marking the opening of a campaign in their interest.

MILITIAMEN MAKE GOOD SCORES

The Light Infantry Boys Are Handy with the Rifle.

At the Light Infantry rifle range this morning, some good scores were made, and James Root proved to be a "crack." At three hundred yards, Root made 87 points; Gibson, 83; and Bloedel 70; while at two hundred yards, Gibson made 84 points; Root, 77, and Bloedel 68. Saturday afternoon Root made nine bulls eyes out of twenty shots at a distance of three hundred yards.

TAILOR MADE GOODS.

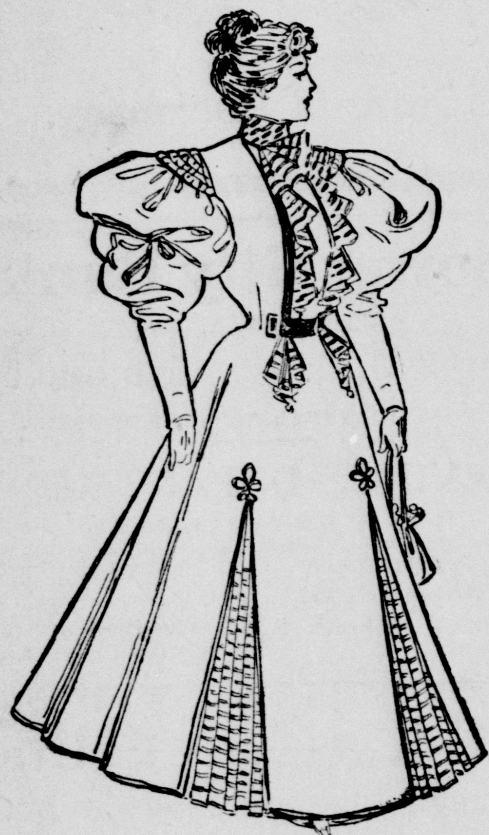

Foulard to Supersede the Popular Taffeta.  
New Petticoats and Dust Cloaks.

The tailor made costume has lost none of the favor with which it has so long been regarded. In light gray cloth or mohair it is now very fashionable and is the only suitable wear for traveling and for ordinary street use.

It is predicted that taffeta will give place to foulard before the end of summer. In that case the amplitude of skirts and sleeves must still further diminish, as foulard has not the stiffness of taffeta and does not stand out as well.

The favorite material for petticoats after silk, which does not wear well, is satin striped alpaca or mohair. The petticoat is cut with many gores and has a deep flounce beginning at the knee. This flounce is the foundation of several ruffles, and by this means the desired flare is obtained, and the dress skirt is held out to the proper extent.

Dust cloaks are no longer the dull cloud that overcasts a brilliant toilet, for they are as elaborate and gay as the gown itself, and brown linen plainly cut is obsolete in that connection. Mohairs and light flowered taffetas, as well as changeable silks, are

PURPLE AND BLUE COSTUME.

the materials now chosen, and the trimming usually consists of pinked or fringed ruffles when the garment is of silk, although guipure is also used. Mohair is made more in the tailor style. The wateau plait is often seen and is very effective in extremely light goods. The dust cloak ought to button from head to foot, concealing the costume entirely.

The toilet illustrated is of parma voile. The skirt is open more than half way up on each side of the tablier, showing two quilles of glace blue taffeta striped with black. Small motifs of embroidery are placed above the point of the quilles. The fitted bodice opens in front over a blouse of cream mousseline de sole framed by co-quilles of striped taffeta. Bands of black satin ribbon cover the mounting of the co-quilles, which drop a little below the waist line, at which they are fastened by a strap of black satin and two paste buckles. The draped collar and the cravat are of taffeta. The sleeves are slightly draped and are gauged at the shoulder to form epaulets.

JUDIC CHOLLET.

SLEEVES AND SKIRTS.

Both Are Less Ample—Ruffles Appearing Again on the Latter.

The conflict of fashion as regards sleeves at the present moment leaves everybody at liberty to wear what she thinks fit, either close or bouffant ones, without running the risk of appearing out of date and odd. Large sleeves have by no means "gone out," but they have somewhat diminished in amplitude, the fullness is confined to the upper part and the goods are left soft instead of being made rigid over a stiff lining. If the material lacks body, it is

NEW WRAP.

sustained by an ordinary silk lining, but crinoline is abandoned, which is a pleasing modification.

Skirts also are less ample, the greater part of the fullness being concentrated at the back, no godets being placed in front or at the sides. They are from 4 1/2 to 5 yards in circumference. Ruffles are essaying to reappear as a skirt trimming and for thin goods have had some little success. One or two are placed at the foot and sometimes another half way up, but these horizontal trimmings that cut the skirt in two are never really satisfactory in effect.

When skirts are lined entirely with silk, the haircloth interlining is sometimes omitted. This saves a great deal of weight and renders the skirt less clumsy to handle. The gradual decrease in the number of godets in a skirt implies that they are on the road to entire oblivion, and when they do really disappear there will be no need of any stiffening in the skirt at all.

Sleeves are made very long and have in addition a ruffle of lace falling over the hand. They are sometimes cut in a point at the wrist, but this is only suitable for a gown with which no jacket is to be worn, as the pointed sleeve projecting from the plain jacket sleeve has a rather odd effect.

An illustration is given of a new wrap which is a sort of combination of cape and jacket. It is of mastic cloth and is adorned with stitching and large buttons. The body of the garment is half fitting in the back, while in front it is loose and double breasted. The collar is of black velvet, the revers of cloth. The sleeves are, more properly speaking, little capes gathered in at the armhole. The entire wrap is lined with mastic satin. The accompanying hat is of straw and is trimmed with white gauze, black quills and clusters of mixed violets veiled in white tulle. JUDIC CHOLLET.

Mr. Flatbush—Yes; we didn't run over anybody.—Yonkers Statesman.

SEEMS as if all the

things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course, it isn't Nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Fier's Pleasant Pellets are for people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with Nature. They effect a permanent cure. You need not take them regularly only as needed. After that, use them occasionally when you need them—when you have eaten something that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

Eli Hill, Lumber City, Pa., writes: "I have been suffering from piles for twenty-five years and thought my case incurable. DeWitt's Witch Hazel Salve was recommended to me as a pile cure, so I bought a box and it performed a permanent cure." This is only one of thousands of similar cases. Eczema, sores and skin diseases yield quickly when it is used. C. D. Stevens.

NO CONSUMPTIVE WILL DIE

So Long As He Can Digest and Assimilate Food.

All physicians admit this. Yet here the difficulty begins. How can we build up the consumptive's body as fast as the disease tears it down? Let us consider.

Cough mixtures must be avoided because they frequently contain opiates which arrest the digestion. Their only effect on the cough is by stupefying the nerves. Let them alone.

All foods that are hard to digest must be avoided, especially fats and oils. Only those foods which are easily digested and assimilated should be eaten. Foods not thus accepted by nature do no good; they do harm. Not what is merely eaten but what is assimilated and digested gives flesh and strength.

Consumption is starvation, slow or rapid, as may be. The first symptom is not necessarily a cough, but a tendency to lose flesh, to grow thin. Stop this tendency now. Don't wait for obvious lung trouble. That's only a later development—only a minor point.

Stop the wasting and you master the disease, even though it may have made some slight inroads already. Increase the flesh and the danger is past. What is needed is an especially-prepared food—a nutriment in itself and a digester of other foods.

Such an article is the Shaker Digestive Cordial, made by the Shaker Community, of Mt. Lebanon, N. Y. It creates a natural appetite and insures the digestion of what is eaten with it. It overcomes the wasting which is fatal in the consumptive process.

A man may lose money and not die a bankrupt. One may have consumption and not die of it. This is science and sense. The success of this new remedy proves it.

## COME UP INTO THE MOUNTAINS.

Come up into the mountains, come up into the blue!  
Oh, friend down in the valley the way is clear for you!  
The path is full of perils and dangers, but your feet  
May safely thread its windings and reach to my retreat.  
The mountains, oh, the mountains! How all the ambient air  
Bends like a benediction and the soft prayer!  
How blithely on this summit the clouds wind's refrain  
Invites us to the mountains, O'er's emerald domain!

Oh, soul below in valleys where aspiration rises  
No higher than the plunging of water from that fies,  
Come up into the mountains, come up into the blue!  
Leave weary leagues behind you and the world's  
The autumn's rotting verdure, the sapless grasses browned;  
Come where the snows are lilacs that bloom the whole year round.  
Here in the subtle spirit of all these embuing hills  
Man may achieve his dreaming and be the thing he will!

—Joseph Dana Miller in Munsey's.

## A FAIRY TALE.

A fisherman was living in a humble cabin with his wife Stora. One day, after having uselessly spent several hours on the river bank he suddenly pulled from the water an immense fish with gold scales and a gold crown on its head.

"Ah!" cried he. "Here's a fine catch. I will take it to the king. He will certainly pay me generously for it." But the fish said: "Give me my liberty. I am an enchanted prince and can accomplish any wish you may express."

"All right," good naturedly replied the fisherman. "This is the first time I have ever heard a fish talk, and that in itself is proof of your claim."

Dropping the fish into the water, he returned to his cabin to tell the adventure to his wife. "What!" cried she. "And from that fish, who no doubt has the power of a fairy, you demanded nothing?"

"No," said the fisherman. "It did not occur to me. Anyway, what could I have asked for?"

"What!" she exclaimed. "When we are here in a miserable cabin! You night at least have asked for a cottage! Go back. He is under obligations to you. You saved his life. He can refuse you nothing."

The meek and humble fisherman was not at all anxious to make the attempt, but finally giving way to his wife's determination he went to the water's edge and called: "Fish of gold! Royal fish!"

"Why do you call me?" asked the fish.

"Alas," replied the timid fisherman, "I am obeying my wife, who does not always think as I do."

"And what does she wish at present?" said the fish kindly.

"Ah," he replied sadly, "she is not satisfied with our small cabin and wishes a larger one."

"Very well. Return home and you will find your wish accomplished."

In fact, in place of the miserable cabin was a beautiful cottage. Stora was sitting radiantly happy on a bench in front of the door. Taking her husband by the hand, she said, "Just come and see how beautiful it is!" There was a bedroom, with a comfortable bed, a kitchen with a complete assortment of cooking utensils, and near by a low court, from which came the cackle of geese and chickens. Then followed a garden full of vegetables and an orchard of fruit trees. "Is it not charming?" cried Stora.

"Yes, indeed," replied the astonished fisherman, and both heartily rejoiced in their good fortune. Fifteen days later Stora said to her husband: "I have been thinking that we were too modest in making our wishes known. This cottage is too small, and there is not a single field joined to the garden. I should like to have a beautiful country residence."

"What folly!" cried her husband. "What would we do with a country residence?"

"Make yourself easy. I know well of what benefit it would be to us. You have nothing to do but to again see your friend, the golden fish."

The poor fisherman, not being able to resist, went out with bowed head.

"Why do you call me?" cried the crowned fish.

"Alas," replied the fisherman, "I come in obedience to my wife, whose wishes are not always in accord with mine."

"What does she want now?"

"She thinks she would like a beautiful country residence."

"All right. Your wish is accomplished."

The fisherman, thanking him, turned homeward. To his surprise, he found before him a large house with court, granaries and stables. His wife, waiting for him in her loveliest Sunday dress, led him into their new home. Here was the master's room and there a large one for the servants. The chimney was full of hams. Not far off was the milkhouse and near by a granary full of wheat. In the stable were many beautiful cows. There was a pigeon house on the roof of the shed, which was well filled with fat sheep, and a couple of storks were on the chimney. Around the house were gardens, fields and prairies. "Is this not a delightful place?" enthusiastically inquired Stora.

"Yes," replied the fisherman. "See that we live here in peace."

A few days passed, when one morning Stora said to her husband: "It is indeed a good thing to have a country house like this, but we can do better. We can have a chateau and live as nobles do. This is what you must demand of your magic fish, who is in your debt for life itself."

"No, indeed," said the fisherman. "Certainly not. I will not make this additional demand of him. He would be angry, and he would have good cause."

"Oh, I beg of you," implored his wife, "go to him again. He will refuse

you nothing. I cannot live in this farmhouse. If I stay here, I shall be ill. If I have not a chateau, I shall die."

The apprehensive fisherman again obeyed, and the fish said to him, "Go. Your new wish is granted."

When he returned home, what a wonderful change awaited him! In place of his rustic house he found a beautiful chateau with flag waving on the top of its lofty tower. A wide moat surrounded the high walls inclosing the domain, and on its drawbridge stood Stora in a silk gown with a gold chain about her neck. Taking her husband by the hand, she led him into their apartment. Entering the large door, they passed from room to room completely and beautifully furnished with soft carpets, superb hangings, statuary and pictures. On every side were domestics in livery. In the court stood a carriage with two beautiful horses, a coachman on the seat and a footman up behind. Near by was a garden full of flowers, a conservatory and an aviary.

"Ah," said Stora, with an air of triumph, "what do you think of all this? Is this not better than a country house? Are you not content?"

"Yes," replied the fisherman, "but for the love of all that's good, let us stay here."

A few days later Stora remarked to her husband: "I was on the tower to-day and was astonished and grieved to find how little land we have. It is not enough that you should be a lord. You must have a kingdom. You must be king."

"What extravagance!" cried the fisherman. "Never, never will I permit it."

"If you do not wish to be king," replied Stora in a resolute tone, "I nevertheless am determined to be queen, and I desire you to go and explain my wish to the friend, who is under so many obligations to you, to the powerful magician."

"No, indeed," reiterated the fisherman. "He has already been wonderfully generous with us. I do not wish to irritate and tire him."

But the ambitious Stora insisted, begged and threatened, and the poor fisherman again gave way to her inflexible will. The fish looked upon him in pity, saying sadly, "This time also the wish of your wife is granted."

In place of the lordly chateau there was a grand palace with a magnificent facade and four imposing towers. A marble stairway covered with rich carpet led to the first floor, to the reception room where the ministers, generals and courtiers were congregated and where Stora sat on a golden throne, an ermine mantle about her and a crown of diamonds on her head.

"Finally," said she enthusiastically to her husband, "here is a burst of fortune, here's power, here is happiness! There is nothing more I could wish."

"God be praised," he fervently replied.

A few moments later, with a grave air, she took him by the hand, drawing him into the embrasure of a window that she might talk to him unobserved, and said to him, "I am well satisfied that I am a queen, am contented with the respect of my ministers and the tranquillity of my subjects, but sometimes the sun rises too late; sometimes the moon too late, and sometimes the wind whistles and blows in a manner that inconveniences me greatly. I wish to govern them according to my pleasure. The fairy fish can refuse you nothing. He must grant me this one additional favor. It will be the last."

The peaceful fisherman was stupefied. He could not believe she spoke seriously. But when she, in a resolute manner, repeated her demand he declared he would never take part in any such insanity.

But, alas, the poor man had not the courage to resist the headstrong will of his companion. After violent protestations he again acquiesced.

He went in fear and trembling to perform his strange mission. This time the fish regarded him coldly and said to him in a formidable voice:

"This is enough. Your wife is insane, and you are an imbecile. You will no longer have either chateau or lands. In pity I will give you back your ancient cottage. You deserve no more."

As the fairy fish disappeared beneath the waters the fisherman turned homeward with bowed head to find his wife dressed in rags and sitting upon the doorstep of their old cabin, lamenting their lost wealth. —Translated from the French For Short Stories.

Worms That Live in the Eye.

This is not so improbable as it may seem, but only people who live in tropical countries suffer in this way. The worm in question is a mere thread—one of the filaria—and looks like a very little piece of vermicelli, but when examined under a microscope it is seen to have a round head and a pointed tail.

It has been found in the eyes of Europeans who have lived on the Congo and in similar countries. The eye becomes more or less inflamed and swollen until the worm is either extracted or migrates of its own accord.

This migration is one of the peculiarities of the "loa," as it is sometimes called. It goes from one eye to the other, passing under the skin at the back of the nose. It will be seen in one eye for a day or two, then it will disappear, but a few days later reappear in the other eye.

It does not always remain upon the surface, in the conjunctiva (its usual abode), but occasionally makes a tour of the whole of the organ of vision. — Strand Magazine.

Explained.

"The difference," said Asbury Peppers, though no one had asked him, "the difference between a bicycle pump and an anti prize fight law is that one is used to blow up the tires and the other is used to tie up the blowers."

Whereupon the serious boarder told him that he ought to go on the stage, or, if the stage were not available, to go on the next train. — Cincinnati Enquirer.
